

Dear dog dancers,

When parking, please make sure to leave the designated parking spaces of the karting hall to the visitors and owners of the karting hall and please do not park there under any circumstances, not even to unload the car briefly. You will find parking spaces opposite the karting hall, these belong to the dog sports world, as well as on the roadside to the right, the dog sports hall is also on the right-hand side.

Another option is to park on the left-hand side of the dirt track (drive straight on from the dog sports hall).

Thank you for your understanding.

‘See you in the dog sports world.’

Anneke, Sabrina and Caro
